New 07/18

**For Research Use Only. Not For Use In Diagnostic Procedures.**

**Background:** Ammonium bicarbonate buffer is supplied as a one molar (1M) concentrated stock in HPLC grade water. This buffer is recommended for use in PTMScan® protocols for LC-MS applications during the digestion procedures.

**Storage:** Aliquoted buffer can be stored at -80°C for long-term storage for 12 months.

Thank you for your recent purchase. If you would like to provide a review visit [cellsignal.com/comments](http://cellsignal.com/comments).
