

Safety Data Sheet (SDS) According to the OSHA Hazard Communication Standard 29 CFR 1910.1200

Issuing Date: 2017-07-10

Version: 1

## **SECTION 1. Identification**

Product identifier

Product No Product name	2872 Bcl-2 Antibody (Human Specific)
Recommended use of the chemical	and restrictions on use
Identified uses Manufacturer, importer, supplier	For research use only.
Manufacturer address	Cell Signaling Technology, Inc. 3 Trask Lane Danvers, MA 01923 United States TEL: +1 978 867 2300 FAX: +1 978 867 2400
Website Email address Emergency telephone number	www.cellsignal.com support@cellsignal.com In case of emergency call CHEMTREC 1-800-424-9300

# SECTION 2. Hazard(s) identification

#### **Classification**

This substance/mixture is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

## GHS Label elements, including precautionary statements

Signal Word Not classified

Hazard statement(s) None.

Precautionary Statement(s) None.

**Supplementary Hazard Information** 

No information available. Hazards not otherwise classified (HNOC) Not applicable.

## **SECTION 3. Composition/information on ingredients**

Chemical Name	CAS No	Weight %
glycerol	56-81-5	30-60

Eye contact       Rinse thoroughly with plenty of water, also under the eyelids. Keep eye wide open while rinsing. Call a physician if irritation persists.         Skin contact       Wash skin with soap and water.         Imhalation       IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Get medical attention immediately if symptoms occur.         Ingestion       Clean mouth with water and aftentwards drink plenty of water. Do NOT induce vomiting. Never give anything by mouth to an unconscious person.         Most important symptoms and effects, both acute and delayed         No information available.         Indication of any immediate medical attention and special treatment needed         Treat symptomatically.         Advice for emergency responders.         General advice       For further assistance, contact your local Poison Control Center. Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.         Extinguishing media.       Suitable Extinguishing Media         Suitable Extinguishing Media       Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.         Unsuitable Extinguishing Media       CAUTION: Use of water spray when fighting fire may be inefficient.         Specific hazards arising from the chemical.       No information available.         Explosion Data.       Sensitivity to Mechanical Impact None.         Sensitivity to Static Discharge	SECTION 4. First-aid measures		
Skin contact       Wash skin with soap and water.         Inhalation       IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Get medical attention immediately if symptoms occur.         Ingestion       Clean mouth with water and afterwards drink plenty of water. Do NOT induce vomiting.         No stimportant symptoms and effects, both acute and delayed       No         No information available.       Indication of any immediate medical attention and special treatment needed         Treat symptomatically.       Advice for emergency responders.         General advice       For further assistance, contact your local Poison Control Center. Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.         Extinguishing media       Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Unsuitable Extinguishing Media       Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.         No information available.       Explosion Data.       Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge       None.         Protective Equipment and Precautions for Firefighters.       As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.	Eye contact		
No information available. Indication of any immediate medical attention and special treatment needed Treat symptomatically. Advice for emergency responders. General advice Protection of first-aiders For further assistance, contact your local Poison Control Center. Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.  Extinguishing media Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Unsuitable Extinguishing Media Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Unsuitable Extinguishing Media CAUTION: Use of water spray when fighting fire may be inefficient.  Specific hazards arising from the chemical No information available.  Explosion Data Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge None.  Protective Equipment and Precautions for Firefighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.	Inhalation	Wash skin with soap and water. IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Get medical attention immediately if symptoms occur. Clean mouth with water and afterwards drink plenty of water. Do NOT induce vomiting.	
Indication of any immediate medical attention and special treatment needed Treat symptomatically. Advice for emergency responders. General advice Protection of first-aiders For further assistance, contact your local Poison Control Center. Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.  Extinguishing media. Suitable Extinguishing Media Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Unsuitable Extinguishing Media CAUTION: Use of water spray when fighting fire may be inefficient.  Specific hazards arising from the chemical. No information available.  Explosion Data. Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge None. Protective Equipment and Precautions for Firefighters. As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.	Most important symptoms and effect	ets, both acute and delayed	
Treat symptomatically.  Advice for emergency responders.  General advice Protection of first-aiders  For further assistance, contact your local Poison Control Center. Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.  Extinguishing media  Suitable Extinguishing Media Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Unsuitable Extinguishing Media CAUTION: Use of water spray when fighting fire may be inefficient.  Specific hazards arising from the chemical No information available.  Explosion Data Sensitivity to Mechanical Impact None. Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge None.  Protective Equipment and Precautions for Firefighters.  As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.	No information available.		
Advice for emergency responders.       General advice Protection of first-aiders       For further assistance, contact your local Poison Control Center. Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.         SECTION 5. Fire-fighting measures         Extinguishing media.         Suitable Extinguishing Media       Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.         Unsuitable Extinguishing Media       CAUTION: Use of water spray when fighting fire may be inefficient.         Specific hazards arising from the chemical.         No information available.         Explosion Data         Sensitivity to Mechanical Impact None.         Sensitivity to Static Discharge         None.         Protective Equipment and Precautions for Firefighters.         As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.	Indication of any immediate medica	l attention and special treatment needed	
General advice Protection of first-aiders       For further assistance, contact your local Poison Control Center. Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.         Section 5. Fire-fighting measures         Extinguishing media         Suitable Extinguishing Media       Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.         Unsuitable Extinguishing Media       CAUTION: Use of water spray when fighting fire may be inefficient.         Specific hazards arising from the chemical       No information available.         Explosion Data       Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge         None.       Protective Equipment and Precautions for Firefighters         As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.	Treat symptomatically.		
Protection of first-aiders       Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.         Section 5. Fire-fighting measures         Extinguishing media       Section 5. Fire-fighting measures         Extinguishing media       Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.         Unsuitable Extinguishing Media       Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.         Specific hazards arising from the chemical       No information available.         Explosion Data       Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge None.         Protective Equipment and Precautions for Firefighters.       As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.	Advice for emergency responders		
Extinguishing media       Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.         Unsuitable Extinguishing Media       CAUTION: Use of water spray when fighting fire may be inefficient.         Specific hazards arising from the chemical       No information available.         Explosion Data       Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge         None.       Protective Equipment and Precautions for Firefighters         As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.		Ensure that medical personnel are aware of the material(s) involved, and take precautions	
Suitable Extinguishing Media       Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.         Unsuitable Extinguishing Media       CAUTION: Use of water spray when fighting fire may be inefficient.         Specific hazards arising from the chemical       No information available.         Explosion Data       Sensitivity to Mechanical Impact None.         Sensitivity to Static Discharge       None.         Protective Equipment and Precautions for Firefighters         As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.		SECTION 5. Fire-fighting measures	
surrounding environment.         Unsuitable Extinguishing Media       CAUTION: Use of water spray when fighting fire may be inefficient.         Specific hazards arising from the chemical         No information available.         Explosion Data         Sensitivity to Mechanical Impact None.         Sensitivity to Static Discharge         None.         Protective Equipment and Precautions for Firefighters         As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.	Extinguishing media		
Unsuitable Extinguishing Media CAUTION: Use of water spray when fighting fire may be inefficient.  Specific hazards arising from the chemical No information available.  Explosion Data Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge None.  Protective Equipment and Precautions for Firefighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.	Suitable Extinguishing Media		
No information available. Explosion Data Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge None. Protective Equipment and Precautions for Firefighters As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.	Unsuitable Extinguishing Media		
Explosion Data         Sensitivity to Mechanical Impact None.         Sensitivity to Static Discharge None.         Protective Equipment and Precautions for Firefighters         As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.	Specific hazards arising from the chemical		
Sensitivity to Mechanical Impact None.         Sensitivity to Static Discharge       None.         Protective Equipment and Precautions for Firefighters         As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.	No information available.		
Sensitivity to Static Discharge       None.         Protective Equipment and Precautions for Firefighters         As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.	Explosion Data		
As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.			
protective gear.	Protective Equipment and Precaution	ons for Firefighters	
SECTION 6. Accidental release measures	•	athing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full	
		SECTION 6. Accidental release measures	

For non-emergency personnel	Avoid contact with skin, eyes and clothing. Use personal protective equipment. For personal
	protection see section 8.
Other information	No information available.

Environmental precautions

Prevent further leakage or spillage if safe to do so. Prevent product from entering drains. Prevent entry into waterways, sewers, basements or confined areas.

## Methods and material for containment and cleaning up

Methods for containment	Prevent further leakage or spillage if safe to do so.
Methods for cleaning up	Soak up with inert absorbent material. Pick up and transfer to properly labeled containers.

# **SECTION 7. Handling and storage**

#### Precautions for safe handling

Handle in accordance with good industrial hygiene and safety practice. Wear personal protective equipment. See section 8. Avoid contact with skin, eyes and clothing. Remove and wash contaminated clothing before re-use.

## Conditions for safe storage, including any incompatibilities

Technical measures/Storage conditions	Keep containers tightly closed in a dry, cool and well-ventilated place.
Packaging material	No information available.
Incompatible products	None known based on information supplied.

# SECTION 8. Exposure controls/personal protection

#### Control parameters

Chemical Name	ACGIH TLV	OSHA PEL	NIOSH REL
glycerol	-	TWA mist, total particulate: 15	-
		mg/m <sup>3</sup>	
		TWA mist, respirable fraction:	
		5 mg/m <sup>3</sup>	

#### Appropriate engineering controls

Showers, eyewash stations, and ventilation systems.

## Individual protection measures, such as personal protective equipment

Personal protective equipment (PPE) needs to be selected depending on the implemented engineering controls, frequency/duration of work activities and the concentrations of the hazardous substance.

Eye/face protection Skin and body protection Respiratory protection	If splashes are likely to occur, wear: Tightly fitting safety goggles Wear protective gloves/clothing. If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations.
Hygiene measures	Handle in accordance with good industrial hygiene and safety practice.

## **SECTION 9.** Physical and chemical properties

Information on basic physical and chemical properties

Physical state Appearance Odor	Liquid Clear No information available	Color Odor Threshold	Colorless No information available
Property	Values	Remarks Method	

Hq	7.5	@ 20 °C	
Melting point/freezing point	1.5	6 20 0	
Initial boiling point and boiling			
range			
Flash point		_	
Evaporation rate	No information available	-	
	No information available		
Flammability (solid, gas)			
Upper flammability limit	No information available		
Lower flammability limit	No information available		
Vapor pressure	No information available		
Vapor density	No information available		
Relative density	No information available		
Solubility	No information available.		
Solubility in other solvents	No information available.		
Partition coefficient: n-octanol/w	aterNo information available		
Autoignition temperature	No information available		
Decomposition temperature	No information available		
Viscosity	No information available		
Viscosity, dynamic	No information available		
Explosive properties	No information available		
Oxidizing properties	No information available		
••••••••••••••••••••••••••••••••••••••			
Other information			
Softening point	No information available		
Molecular Weight	No information available		
VOC content	No information available		
Density	No information available.		
Bulk Density VALUE	No information available.		
Dur Deligity VALUL			

# **SECTION 10. Stability and reactivity**

## Reactivity

No information available.

## Chemical stability

Stable under normal conditions.

## Possibility of hazardous reactions

Hazardous reactions	None under normal processing.
Hazardous polymerization	None under normal processing.

#### Conditions to Avoid

Extremes of temperature and direct sunlight.

## Incompatible Materials

None known based on information supplied.

## Hazardous Decomposition Products

None known based on information supplied.

# **SECTION 11. Toxicological information**

## Information on likely routes of exposure

Inhalation	Avoid breathing vapors or mists. May cause irritation of respiratory tract.
Eye contact	Avoid contact with eyes. May cause slight irritation.

Skin contact	Avoid contact with skin.
Ingestion	Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.

#### Information on toxicological effects

This product is for experimental uses only. The product has not been completely analyzed and all of the hazards may not be known. Please use caution while handling this product.

Chemical Name	LD50 Oral	LD50 Dermal	LC50 Inhalation
glycerol	= 12600 mg/kg (Rat)	> 10 g/kg (Rabbit)	> 570 mg/m³(Rat)1 h

ATEmix (oral)	>5000 mg/kg (ATE)
ATEmix (dermal)	>5000 mg/kg (ATE)
ATEmix (inhalation-dust/mist)	>5 mg/l (ÂTÊ)

## Delayed and immediate effects as well as chronic effects from short and long-term exposure

Symptoms Sensitization Mutagenic effects Carcinogenicity	No information available. No information available. No information available. No component of this product present at levels greater than or equal to 0.1% is identifiable as probable, possible or confirmed carcinogen by IARC, ACGIH, NTP, or OSHA.
Reproductive toxicity	No information available.
STOT - single exposure	No information available.
STOT - repeated exposure	No information available.
Neurological effects	No information available.
Aspiration Hazard	No information available.

## **SECTION 12. Ecological information**

## **Ecotoxicity**

Chemical Name	Toxicity to algae	Toxicity to fish	Toxicity to daphnia and other aquatic invertebrates
glycerol	-	LC50 51 - 57 mL/L (Oncorhynchus mykiss) 96 h	EC50 500 mg/L (Daphnia magna) 24 h

Persistence and degradability	No information available.
Bioaccumulation	No information available.
Mobility	No information available

Chemical Name	Octanol-Water Partition Coefficient
glycerol	-1.76

#### Other adverse effects

No information available.

# **SECTION 13.** Disposal considerations

## Waste Disposal Methods

Dispose of in accordance with all applicable national environmental laws and regulations.

#### Disposal considerations

Do not empty into drains; dispose of this material and its container in a safe way.

# **SECTION 14. Transport information**

This material is not subject to regulation as a hazardous material for shipping.

## **SECTION 15.** Regulatory information

#### North American Inventory Listing

Chemical Name	TSCA 8(b)	TSCA 12(b)	DSL	NDSL
glycerol	Listed	Not Listed	Listed	Not Listed

#### Canadian Workplace Hazardous Materials Information System (WHMIS) Classification

This product does not meet the criteria for classification under the Hazardous Products Act.

## SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

## SARA 311/312 Hazard Categories

Acute Health Hazard	No
Chronic Health Hazard	No
Fire Hazard	No
Sudden Release of Pressure Hazard	No
Reactive Hazard	No

#### Clean Water Act

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

## CERCLA

## California Proposition 65

This product does not contain any Proposition 65 chemicals.

## U.S. State Right-to-Know Regulations

Chemical Name	New Jersey	Massachusetts	Pennsylvania
glycerol	Listed	Listed	Listed

## U.S. FIFRA Label Information

This product does not contain any substances regulated as pesticides.

## US Commerce Department - Export Administration Regulations Information

This product does not contain any substances regulated under the Chemical Weapons Convention (CWC).

## U.S. Drug Enforcement Administration Information

This product does not contain any substances regulated under the DEA.

## **SECTION 16. Other information**

**Issuing Date:** 2017-07-10

#### **Disclaimer**

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
