

**Safety Data Sheet (SDS)** According to the OSHA Hazard Communication Standard 29 CFR 1910.1200

**Issuing Date:** 2015-01-05

**Revision Date:** 2018-03-09

**Version:** 3

## SECTION 1. Identification

### Product identifier

**Product No** 8158  
**Product name** SB202190

### Recommended use of the chemical and restrictions on use

**Identified uses** This product is intended for research purposes only.  
**Manufacturer, importer, supplier**

**Manufacturer address** Cell Signaling Technology, Inc.  
 3 Trask Lane  
 Danvers, MA 01923  
 United States  
 TEL: +1 978 867 2300  
 FAX: +1 978 867 2400

**Website** www.cellsignal.com  
**Email address** support@cellsignal.com  
**Emergency telephone number** In case of emergency call CHEMTREC 1-800-424-9300

## SECTION 2. Hazard(s) identification

### Classification

This substance/mixture is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

|                                                                   |            |
|-------------------------------------------------------------------|------------|
| <b>Skin corrosion/irritation</b>                                  | Category 2 |
| <b>Serious eye damage/eye irritation</b>                          | Category 2 |
| <b>Specific target organ toxicity - single exposure (STOT SE)</b> | Category 3 |

### GHS Label elements, including precautionary statements

**Signal Word**  
 Warning

**Hazard statement(s)**  
 Causes skin irritation. Causes serious eye irritation. May cause respiratory irritation.

**Precautionary Statement(s)**

Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. Avoid breathing dust/fume/gas/mist/vapors/spray. Use only outdoors or in a well-ventilated area.

IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

Store in a well-ventilated place. Keep container tightly closed. Store locked up.

Dispose of contents/container to an approved waste disposal plant.

### **Supplementary Hazard Information**

No information available.

### **Hazards not otherwise classified (HNOC)**

Not applicable.

## **SECTION 3. Composition/information on ingredients**

|                         |                                                                              |
|-------------------------|------------------------------------------------------------------------------|
| <b>Formula</b>          | C <sub>20</sub> H <sub>14</sub> FN <sub>3</sub> O                            |
| <b>Molecular Weight</b> | 331.35 g/mol                                                                 |
| <b>Chemical nature</b>  | Monoconstituent substance                                                    |
| <b>Synonyms</b>         | SB 202190;<br>4-[4-(4-Fluorophenyl)-5-(4-pyridinyl)-1H-imidazol-2-yl]phenol; |

| <b>Chemical Name</b>                                                   | <b>CAS No</b> | <b>Weight %</b> |
|------------------------------------------------------------------------|---------------|-----------------|
| 4-(4'-fluorophenyl)-2-(4-hydroxyphenyl)-5-(4'-pyridyl)<br>1H-imidazole | 152121-30-7   | 100             |

## **SECTION 4. First-aid measures**

|                     |                                                                                                                                                                                                                                          |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye contact</b>  | Rinse thoroughly with plenty of water, also under the eyelids. Keep eye wide open while rinsing.                                                                                                                                         |
| <b>Skin contact</b> | Wash off immediately with soap and plenty of water removing all contaminated clothes and shoes. If symptoms persist, call a physician. Remove and wash contaminated clothing before re-use. Immediate medical attention is not required. |
| <b>Inhalation</b>   | IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. If symptoms persist, call a physician. Artificial respiration and/or oxygen may be necessary. Immediate medical attention is not required.     |
| <b>Ingestion</b>    | Immediate medical attention is not required. Clean mouth with water. Drink plenty of water. Do not induce vomiting without medical advice. Never give anything by mouth to an unconscious person. Consult a physician.                   |

### **Most important symptoms and effects, both acute and delayed**

No information available.

### **Indication of any immediate medical attention and special treatment needed**

Treat symptomatically.

### **Advice for emergency responders**

|                                   |                                                                                                                                              |
|-----------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General advice</b>             | Immediate medical attention is not required. Show this safety data sheet to the doctor in attendance. If symptoms persist, call a physician. |
| <b>Protection of first-aiders</b> | Use personal protective equipment.                                                                                                           |

## SECTION 5. Fire-fighting measures

### Extinguishing media

**Suitable Extinguishing Media** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable Extinguishing Media** CAUTION: Use of water spray when fighting fire may be inefficient.

### Specific hazards arising from the chemical

No information available.

### Explosion Data

**Sensitivity to Mechanical Impact** None.

**Sensitivity to Static Discharge** None.

### Protective Equipment and Precautions for Firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## SECTION 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

**For non-emergency personnel** Use personal protective equipment. Avoid contact with the skin and the eyes. Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak.

**Other information** No information available.

### Environmental precautions

Do not flush into surface water or sanitary sewer system.

### Methods and material for containment and cleaning up

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Use personal protective equipment. Cover powder spill with plastic sheet or tarp to minimize spreading and keep powder dry. Take up mechanically, placing in appropriate containers for disposal. Avoid dust formation. Clean contaminated surface thoroughly. Take precautionary measures against static discharges.

## SECTION 7. Handling and storage

### Precautions for safe handling

Wear personal protective equipment. Use only in area provided with appropriate exhaust ventilation.

### Conditions for safe storage, including any incompatibilities

**Technical measures/Storage conditions** Keep out of the reach of children. Keep containers tightly closed in a cool, well-ventilated place. Keep in properly labeled containers.

**Packaging material** No information available.

**Incompatible products** None known based on information supplied.

## SECTION 8. Exposure controls/personal protection

### Control parameters

### Appropriate engineering controls

Showers, eyewash stations, and ventilation systems.

### Individual protection measures, such as personal protective equipment

Personal protective equipment (PPE) needs to be selected depending on the implemented engineering controls, frequency/duration of work activities and the concentrations of the hazardous substance.

|                                 |                                                                                                                                                                                                                                                                                                                         |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye/face protection</b>      | Tightly fitting safety goggles                                                                                                                                                                                                                                                                                          |
| <b>Skin and body protection</b> | Wear protective gloves/clothing.                                                                                                                                                                                                                                                                                        |
| <b>Respiratory protection</b>   | If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. |
| <b>Hygiene measures</b>         | When using, do not eat, drink or smoke. Remove and wash contaminated clothing before re-use. Provide regular cleaning of equipment, work area and clothing.                                                                                                                                                             |

## SECTION 9. Physical and chemical properties

### Information on basic physical and chemical properties

|                       |                    |                       |                          |
|-----------------------|--------------------|-----------------------|--------------------------|
| <b>Physical state</b> | Solid              | <b>Color</b>          | White to off-white       |
| <b>Appearance</b>     | Crystalline Powder | <b>Odor Threshold</b> | No information available |
| <b>Odor</b>           | None               |                       |                          |

| <u>Property</u>                                | <u>Values</u>             | <u>Remarks</u> | <u>Method</u> |
|------------------------------------------------|---------------------------|----------------|---------------|
| <b>pH</b>                                      | No information available  |                |               |
| <b>Melting point/freezing point</b>            | 240-243 °C                |                |               |
| <b>Initial boiling point and boiling range</b> |                           |                |               |
| <b>Flash point</b>                             |                           | -              |               |
| <b>Evaporation rate</b>                        | No information available  |                |               |
| <b>Flammability (solid, gas)</b>               | No information available  |                |               |
| <b>Upper flammability limit</b>                | No information available  |                |               |
| <b>Lower flammability limit</b>                | No information available  |                |               |
| <b>Vapor pressure</b>                          | No information available  |                |               |
| <b>Vapor density</b>                           | No information available  |                |               |
| <b>Relative density</b>                        | No information available  |                |               |
| <b>Solubility</b>                              | No information available. |                |               |
| <b>Solubility in other solvents</b>            | No information available. |                |               |
| <b>Partition coefficient: n-octanol/water</b>  | No information available  |                |               |
| <b>Autoignition temperature</b>                | No information available  |                |               |
| <b>Decomposition temperature</b>               | No information available  |                |               |
| <b>Viscosity</b>                               | No information available  |                |               |
| <b>Viscosity, dynamic</b>                      | No information available  |                |               |
| <b>Explosive properties</b>                    | No information available  |                |               |
| <b>Oxidizing properties</b>                    | No information available  |                |               |

### Other information

|                           |                           |
|---------------------------|---------------------------|
| <b>Softening point</b>    | No information available  |
| <b>Molecular Weight</b>   | 331.35 g/mol              |
| <b>VOC content</b>        | No information available  |
| <b>Density</b>            | No information available. |
| <b>Bulk Density VALUE</b> | No information available. |

## SECTION 10. Stability and reactivity

### Reactivity

No information available.

### Chemical stability

Stable under recommended storage conditions.

#### **Possibility of hazardous reactions**

|                                 |                               |
|---------------------------------|-------------------------------|
| <b>Hazardous reactions</b>      | None under normal processing. |
| <b>Hazardous polymerization</b> | None under normal processing. |

#### **Conditions to Avoid**

No information available.

#### **Incompatible Materials**

None known based on information supplied.

#### **Hazardous Decomposition Products**

None known based on information supplied.

### **SECTION 11. Toxicological information**

#### **Information on likely routes of exposure**

|                     |                                              |
|---------------------|----------------------------------------------|
| <b>Inhalation</b>   | May cause irritation.                        |
| <b>Eye contact</b>  | Contact with eyes may cause irritation.      |
| <b>Skin contact</b> | May cause irritation.                        |
| <b>Ingestion</b>    | There is no data available for this product. |

#### **Information on toxicological effects**

This material should only be handled by, or under the close supervision of, those properly qualified in the handling and use of potentially hazardous chemicals. It should be borne in mind that the toxicological and physiological properties of this compound is not well defined.

#### **Delayed and immediate effects as well as chronic effects from short and long-term exposure**

|                                 |                                                                                                                                                                          |
|---------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Symptoms</b>                 | No information available.                                                                                                                                                |
| <b>Sensitization</b>            | No information available.                                                                                                                                                |
| <b>Mutagenic effects</b>        | No information available.                                                                                                                                                |
| <b>Carcinogenicity</b>          | No component of this product present at levels greater than or equal to 0.1% is identifiable as probable, possible or confirmed carcinogen by IARC, ACGIH, NTP, or OSHA. |
| <b>Reproductive toxicity</b>    | No information available.                                                                                                                                                |
| <b>STOT - single exposure</b>   | No information available.                                                                                                                                                |
| <b>STOT - repeated exposure</b> | No information available.                                                                                                                                                |
| <b>Chronic Toxicity</b>         | Avoid repeated exposure.                                                                                                                                                 |

| <b>Persistence and degradability</b> | No information available. |
| <b>Bioaccumulation</b>               | No information available. |
| <b>Mobility</b>                      | No information available. |

**Other adverse effects**

No information available.

|                                            |
|--------------------------------------------|
| <b>SECTION 13. Disposal considerations</b> |
|--------------------------------------------|

**Waste Disposal Methods**

Dispose of in accordance with all applicable national environmental laws and regulations.

**Disposal considerations**

Do not empty into drains; dispose of this material and its container in a safe way.

|                                          |
|------------------------------------------|
| <b>SECTION 14. Transport information</b> |
|------------------------------------------|

This material is not subject to regulation as a hazardous material for shipping.

|                                           |
|-------------------------------------------|
| <b>SECTION 15. Regulatory information</b> |
|-------------------------------------------|

**North American Inventory Listing**

| Chemical Name                                                      | TSCA 8(b)  | TSCA 12(b) | DSL        | NDSL       |
|--------------------------------------------------------------------|------------|------------|------------|------------|
| 4-(4'-fluorophenyl)-2-(4-hydroxyphenyl)-5-(4'-pyridyl)1H-imidazole | Not Listed | Not Listed | Not Listed | Not Listed |

**Canadian Workplace Hazardous Materials Information System (WHMIS) Classification**

|                                     |
|-------------------------------------|
| Class D2B - Toxic Material at >= 1% |
|-------------------------------------|

**SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

**SARA 311/312 Hazard Categories**

|                                          |     |
|------------------------------------------|-----|
| <b>Acute Health Hazard</b>               | Yes |
| <b>Chronic Health Hazard</b>             | No  |
| <b>Fire Hazard</b>                       | No  |
| <b>Sudden Release of Pressure Hazard</b> | No  |
| <b>Reactive Hazard</b>                   | No  |

**Clean Water Act**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

**California Proposition 65**

This product does not contain any Proposition 65 chemicals.

**U.S. State Right-to-Know Regulations**

This product does not contain any substances regulated under applicable state right-to-know regulations

**U.S. FIFRA Label Information**

This product does not contain any substances regulated as pesticides.

**US Commerce Department - Export Administration Regulations Information**

This product does not contain any substances regulated under the Chemical Weapons Convention (CWC).

**U.S. Drug Enforcement Administration Information**

This product does not contain any substances regulated under the DEA.

**SECTION 16. Other information**

**Issuing Date:** 2015-01-05
