

**Safety Data Sheet (SDS)** According to the REACH Regulation (EC) No. 1907/2006

**Issuing Date:** 2019-01-10

**Version:** 1

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

**Product No** 93130

**Product name** Stat Antibody Sampler Kit II

**Kit Component**

14994: Stat1 (D1K9Y) Rabbit mAb  
 72604: Stat2 (D9J7L) Rabbit mAb  
 30835: Stat3 (D1B2J) Rabbit mAb  
 2653: Stat4 (C46B10) Rabbit mAb  
 94205: Stat5 (D2O6Y) Rabbit mAb  
 5397: Stat6 (D3H4) Rabbit mAb  
 7074: Anti-rabbit IgG, HRP-linked Antibody

**Reach registration number** This substance/mixture contains only ingredients which have been registered, or are exempt from registration, according to Regulation (EC) No. 1907/2006.

### Contains

| Chemical name          | Index No.    | CAS No.    |
|------------------------|--------------|------------|
| glycerol (>100%)       | Not Listed   | 56-81-5    |
| sodium azide (0 - 10%) | 011-004-00-7 | 26628-22-8 |

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

**Identified uses** For research use only

### 1.3. Details of the supplier of the safety data sheet

| Importer (Applicable in EU only)      | Manufacturer                    |
|---------------------------------------|---------------------------------|
| Cell Signaling Technology Europe B.V. | Cell Signaling Technology, Inc. |
| Dellaertweg 9b                        | 3 Trask Lane                    |
| 2316 WZ Leiden                        | Danvers, MA 01923               |
| The Netherlands                       | United States                   |
| TEL: +31 (0)71 7200 200               | TEL: +1 978 867 2300            |
| FAX: +31 (0)71 891 0019               | FAX: +1 978 867 2400            |

**Website** www.cellsignal.com  
**E-mail Address** info@cellsignal.eu

### 1.4. Emergency telephone number

**CHEMTREC** 24 hours a day, 7 days a week, 365 days a year  
 +1 703 527 3887 (INTERNATIONAL) +1 800 424 9300 (NORTH AMERICA)

**Europe** 112

## SECTION 2: Hazards identification

**2.1. Classification of the substance or mixture****Regulation (EC) No. 1272/2008**

This substance/mixture does not meet the criteria for classification in accordance with Regulation (EC) No. 1272/2008

**2.2. Label elements****2.3. Other hazards**

May produce an allergic reaction.

*For the full text of the H-phrases & EUH-phrases mentioned in this Section, see Section 16***SECTION 3. Composition/information on ingredients****Kit Component**

The following kit components contain the ingredients listed in the table below:

14994: Stat1 (D1K9Y) Rabbit mAb  
72604: Stat2 (D9J7L) Rabbit mAb  
30835: Stat3 (D1B2J) Rabbit mAb  
2653: Stat4 (C46B10) Rabbit mAb  
94205: Stat5 (D2O6Y) Rabbit mAb  
5397: Stat6 (D3H4) Rabbit mAb

| Chemical name | CAS No.    | Weight-% | EC No     | Classification (1272/2008)                                                            | REACH Registration Number |
|---------------|------------|----------|-----------|---------------------------------------------------------------------------------------|---------------------------|
| glycerol      | 56-81-5    | 30-60    | 200-289-5 | -                                                                                     | no data available         |
| sodium azide  | 26628-22-8 | <0.02    | 247-852-1 | Acute Tox. 2 (H300)<br>Aquatic Acute 1 (H400)<br>Aquatic Chronic 1 (H410)<br>(EUH032) | no data available         |

**Kit Component**

The following kit components contain the ingredients listed in the table below:

7074: Anti-rabbit IgG, HRP-linked Antibody

| Chemical name | CAS No. | Weight-% | EC No     | Classification (1272/2008) | REACH Registration Number |
|---------------|---------|----------|-----------|----------------------------|---------------------------|
| glycerol      | 56-81-5 | 30-60    | 200-289-5 | -                          | no data available         |

*For the full text of the H-phrases & EUH-phrases mentioned in this Section, see Section 16***SECTION 4: First aid measures****4.1. Description of first aid measures****General advice**

Use first aid treatment according to the nature of the injury. When symptoms persist or in all cases of doubt seek medical advice.

**Inhalation**

IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Get medical attention immediately if symptoms occur.

**Skin contact**

Wash off immediately with soap and plenty of water removing all contaminated clothes and

|                    |                                                                                                                                                                      |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye contact</b> | shoes.<br>Rinse thoroughly with plenty of water, also under the eyelids. Keep eye wide open while rinsing. Get medical attention immediately if irritation persists. |
| <b>Ingestion</b>   | Clean mouth with water and afterwards drink plenty of water. Do NOT induce vomiting.<br>Never give anything by mouth to an unconscious person.                       |

#### **4.2. Most important symptoms and effects, both acute and delayed**

Symptoms of allergic reaction may include rash, itching, swelling, trouble breathing, tingling of the hands and feet, dizziness, lightheadedness, chest pain, muscle pain, or flushing.

#### **4.3. Indication of any immediate medical attention and special treatment needed**

|                           |                        |
|---------------------------|------------------------|
| <b>Notes to physician</b> | Treat symptomatically. |
|---------------------------|------------------------|

### **SECTION 5: Firefighting measures**

#### **5.1. Extinguishing media**

|                                       |                                                                                                         |
|---------------------------------------|---------------------------------------------------------------------------------------------------------|
| <b>Suitable Extinguishing Media</b>   | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
| <b>Unsuitable Extinguishing Media</b> | None.                                                                                                   |

#### **5.2. Special hazards arising from the substance or mixture**

Thermal decomposition can lead to release of irritating gases and vapors.

#### **5.3. Advice for firefighters**

Wear self-contained breathing apparatus and protective suit. Use personal protective equipment.

### **SECTION 6: Accidental release measures**

#### **6.1. Personal precautions, protective equipment and emergency procedures**

|                                    |                                                                                                                       |
|------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| <b>For non-emergency personnel</b> | Avoid contact with skin, eyes and clothing. Use personal protective equipment. For personal protection see section 8. |
| <b>For emergency responders</b>    | Use personal protection recommended in Section 8.                                                                     |

#### **6.2. Environmental precautions**

Prevent further leakage or spillage if safe to do so. Prevent product from entering drains. Prevent entry into waterways, sewers, basements or confined areas.

#### **6.3. Methods and material for containment and cleaning up**

|                                |                                                                                             |
|--------------------------------|---------------------------------------------------------------------------------------------|
| <b>Methods for containment</b> | Prevent further leakage or spillage if safe to do so.                                       |
| <b>Methods for cleaning up</b> | Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. |

#### **6.4. Reference to other sections**

See Sections 8 & 13 for additional information.

### **SECTION 7: Handling and storage**

#### **7.1. Precautions for safe handling**

Wear personal protective equipment. See section 8. Avoid contact with skin, eyes and clothing. Remove and wash contaminated clothing before re-use.

#### **7.2. Conditions for safe storage, including any incompatibilities**

Keep container tightly closed in a dry and well-ventilated place.

**7.3. Specific end use(s)**

Use as a laboratory reagent.

**SECTION 8: Exposure controls/personal protection****8.1. Control parameters**

**8.2. Exposure controls****Appropriate engineering controls**

Showers, eyewash stations, and ventilation systems.

**Individual protection measures, such as personal protective equipment****Eyeface protection** Safety glasses with side-shields**Skin protection****Hand protection**

Impervious gloves.

**Other**

Wear suitable protective clothing.

**Respiratory protection**

In case of inadequate ventilation wear respiratory protection.

**Environmental Exposure Controls**

No information available.

**SECTION 9. Physical and chemical properties****9.1. Information on basic physical and chemical properties**

Information on the known physical chemical properties of each component within Kit are given below. If not included, information is either not available or not applicable. Refer to individual kit component SDS for further information.

**Kit Component****14994: Stat1 (D1K9Y) Rabbit mAb**

| Remarks              | @ 20 °C                                           |

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

No information available.

### 10.2. Chemical stability

Stable under normal conditions.

### 10.3. Possibility of hazardous reactions

|                                 |                                          |
|---------------------------------|------------------------------------------|
| <b>Hazardous polymerization</b> | Hazardous polymerization does not occur. |
| <b>Hazardous reactions</b>      | None under normal processing.            |

### 10.4. Conditions to avoid

Extremes of temperature and direct sunlight. Over a period of time, sodium azide may react with copper, lead, brass, or solder in plumbing systems to form an accumulation of the HIGHLY EXPLOSIVE compounds of lead azide & copper azide.

**10.5. Incompatible materials**

Strong oxidizing agents. Strong acids.

**10.6. Hazardous decomposition products**

Nitrogen oxides (NO<sub>x</sub>).

## SECTION 11: Toxicological information

**11.1. Information on toxicological effects****Product Information**

This material should only be handled by, or under the close supervision of, those properly qualified in the handling and use of potentially hazardous chemicals. It should be borne in mind that the toxicological and physiological properties of this compound is not well defined.

**Component Information**

| Chemical name | LD50 Oral           | LD50 Dermal                              | LC50 Inhalation                     |
|---------------|---------------------|------------------------------------------|-------------------------------------|
| glycerol      | = 12600 mg/kg (Rat) | > 10 g/kg ( Rabbit )                     | > 570 mg/m <sup>3</sup> ( Rat ) 1 h |
| sodium azide  | = 27 mg/kg (Rat)    | = 20 mg/kg ( Rabbit ) = 50 mg/kg ( Rat ) | -                                   |

**Information on likely routes of exposure**

|                     |                                                                                |
|---------------------|--------------------------------------------------------------------------------|
| <b>Inhalation</b>   | Avoid breathing vapors or mists May cause irritation of respiratory tract      |
| <b>Eye contact</b>  | Avoid contact with eyes May cause slight irritation                            |
| <b>Skin contact</b> | Avoid contact with skin                                                        |
| <b>Ingestion</b>    | Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

|                                              |                                                                                                                                                                                        |
|----------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Symptoms</b>                              | Symptoms of allergic reaction may include rash, itching, swelling, trouble breathing, tingling of the hands and feet, dizziness, lightheadedness, chest pain, muscle pain, or flushing |
| <b>Skin and Eye Corrosion/Irritation</b>     | No information available                                                                                                                                                               |
| <b>Sensitization</b>                         | No information available                                                                                                                                                               |
| <b>Mutagenic effects</b>                     | No information available                                                                                                                                                               |
| <b>Carcinogenic effects</b>                  | No information available                                                                                                                                                               |
| <b>Reproductive toxicity</b>                 | No information available.                                                                                                                                                              |
| <b>Systemic Target Organ Toxicity (STOT)</b> | No information available                                                                                                                                                               |
| <b>Aspiration Hazard</b>                     | No information available.                                                                                                                                                              |

## SECTION 12: Ecological information

**12.1. Toxicity**

|                            |                          |
|----------------------------|--------------------------|
| <b>Product Information</b> | No information available |
|----------------------------|--------------------------|

**Component Information**

| Chemical name | Toxicity to algae                                     | Toxicity to fish                                                                                                            | Toxicity to daphnia and other aquatic invertebrates |
|---------------|-------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------|
| glycerol      | -                                                     | LC50 51 - 57 mL/L (Oncorhynchus mykiss) 96 h                                                                                | EC50 500 mg/L (Daphnia magna) 24 h                  |
| sodium azide  | EC50 0.35 mg/L (Pseudokirchneriella subcapitata) 96 h | LC50 0.8 mg/L (Oncorhynchus mykiss) 96 h LC50 5.46 mg/L (Pimephales promelas) 96 h LC50 0.7 mg/L (Lepomis macrochirus) 96 h | LC100 1 mg/L (Orconectes rusticus) 96 h             |

**12.2. Persistence and degradability**

No information available.

**12.3. Bioaccumulative potential**

.

| Chemical name | Octanol-Water Partition Coefficient |
|---------------|-------------------------------------|
| glycerol      | -1.76                               |

**12.4. Mobility in soil**

No information available.

**12.5. Results of PBT and vPvB assessment**

No information available.

**12.6. Other adverse effects**

No information available

## SECTION 13: Disposal considerations

**13.1. Waste treatment methods**

|                                              |                                                                                                     |
|----------------------------------------------|-----------------------------------------------------------------------------------------------------|
| <b>Waste from residues / unused products</b> | Dispose of in accordance with local regulations.                                                    |
| <b>Contaminated packaging</b>                | Empty containers should be taken to an approved waste handling site for recycling or disposal.      |
| <b>Other information</b>                     | Waste codes should be assigned by the user based on the application for which the product was used. |

## SECTION 14: Transport information

**IMDG/IMO**

|                                                                                      |               |
|--------------------------------------------------------------------------------------|---------------|
| <b>14.1 UN number</b>                                                                | Not regulated |
| <b>14.2 UN proper shipping name</b>                                                  | Not regulated |
| <b>14.3 Transport hazard class(es)</b>                                               | Not regulated |
| <b>14.4 Packing group</b>                                                            | Not regulated |
| <b>14.5 Environmental hazards</b>                                                    | None          |
| <b>14.6 Special precautions for user</b>                                             | None          |
| <b>14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code</b> | Not regulated |

|                                     |               |
|-------------------------------------|---------------|
| <b>14.1 UN number</b>               | Not regulated |
| <b>14.2 UN proper shipping name</b> | Not regulated |

|                                   |               |
|-----------------------------------|---------------|
| 14.3 Transport hazard class(es)   | Not regulated |
| 14.4 Packing group                | Not regulated |
| 14.5 Environmental hazards        | None          |
| 14.6 Special precautions for user | None          |

**IATA**

|                                   |               |
|-----------------------------------|---------------|
| 14.1 UN number                    | Not regulated |
| 14.2 UN proper shipping name      | Not regulated |
| 14.3 Transport hazard class(es)   | Not regulated |
| 14.4 Packing group                | Not regulated |
| 14.5 Environmental hazards        | None          |
| 14.6 Special precautions for user | None          |

**SECTION 15: Regulatory information****15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture****Candidate List of Substances of Very High Concern for Authorization Information**

This product does not contain Substances of Very High Concern (SVHC).

**SEVESO Directive Information**

This product does not contain substances identified in the SEVESO Directive.

**International inventories**

|               |          |
|---------------|----------|

ENCS - Japan Existing and New Chemical Substances  
IECSC - China Inventory of Existing Chemical Substances  
KECL - Korean Existing and Evaluated Chemical Substances  
PICCS - Philippines Inventory of Chemicals and Chemical Substances  
AICS - Australian Inventory of Chemical Substances

**15.2. Chemical safety assessment**

For this substance a chemical safety assessment has not been carried out

**SECTION 16: Other information****Full text of H-Statements referred to under Sections 2 and 3**

H300 - Fatal if swallowed  
H400 - Very toxic to aquatic life  
H410 - Very toxic to aquatic life with long lasting effects  
EUH032 - Contact with acids liberates very toxic gas

**Classification procedure:** Expert judgment and weight of evidence determination.

**Issuing Date:** 2019-01-10

**Disclaimer**

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage,

transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
