

# Cell Signaling Technology Corporate Donations Guide

## Grant Guidelines

---

1. Only nonprofit organizations will be considered.
2. Funding will be given to organizations/projects benefiting many.
3. Only organizations located in the following communities will be considered for funding: Beverly, Danvers, Manchester, Middleton, Peabody, Salem, Topsfield, Wenham.
4. Applications supporting groups or events that openly discriminate against others will not be reviewed or funded.
5. Funds are intended to meet the needs of a specific project that may go unfunded without the assistance of CST.
6. Funds are not intended to be used for ongoing projects that are also funded by other organizations or for operational expenses.

## Frequently Asked Questions

---

**:: Is my school eligible for CDC funding?**

Yes, all nonprofit organizations in our local community are eligible, including schools.

**:: Can funding be used to pay staff or stipends?**

No, this funding is meant to be a charitable contribution and we encourage all active participants to donate their time accordingly.

**:: How much funding should I request?**

While projects vary tremendously, we generally fund projects ranging from hundreds to a few thousand dollars. We strongly recommend itemizing your funding request and may partially fund projects.

**:: Are these grants competitive?**

Yes, with dozens of nonprofit organizations in our local community, funding can be competitive. Well-written grant applications, including funds itemization, a description of community impact, and clear goals, have the greatest likelihood of being funded.

**:: Can my organization be funded more than once?**

Yes, each organization is eligible to apply annually for funding.
