

SAFETY DATA SHEET (SDS): According to the OSHA Hazard Communication Standard 29 CFR 1910.1200

### **SECTION 1. Identification**

#### Product identifier

Product number 3828
Product name Forskolin
Other means of identification 3828S

#### Recommended use of the chemical and restrictions on use

**Identified uses** This product is intended for research purposes only.

**Uses advised against**This product is not intended for use in diagnostic procedures or therapeutics.

This product is not intended for use in humans or animals.

Manufacturer, importer, supplier

Manufacturer address Cell Signaling Technology, Inc.

3 Trask Lane Danvers, MA 01923 United States

TEL: +1 978 867 2300 FAX: +1 978 867 2400 www.cellsignal.com support@cellsignal.com

Company phone number 978-867-2300

Emergency telephone number In case of emergency call CHEMTREC 1-800-424-9300

## SECTION 2. Hazard(s) identification

#### Classification

**Email address** 

Website

This substance/mixture is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Acute dermal toxicity	Category 4
Reproductive toxicity	Category 2

#### GHS Label elements, including precautionary statements

#### Signal Word Warning

### Hazard statement(s)

Harmful in contact with skin

Suspected of damaging fertility or the unborn child

Precautionary Statement(s)

Obtain special instructions before use

Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection

IF exposed or concerned: Get medical advice/attention

IF ON SKIN: Wash with plenty of soap and water

Call a POISON CENTER or doctor/physician if you feel unwell

Wash contaminated clothing before reuse

Store locked up

Dispose of contents/container to an approved waste disposal plant

### Supplementary Hazard Information

Hazards not otherwise classified (HNOC) None

# **SECTION 3. Composition/information on ingredients**

Formula C<sub>22</sub>H<sub>34</sub>O<sub>7</sub> Molecular Weight 410.5 g/mol

Chemical nature Monoconstituent substance

Synonyms Colforsin;

Forskolin;

7ß-Acetoxy-8,13-epoxy-1a,6ß,9a-trihydroxy-labd-14-en-11-one;

1H-Naphtho[2,1-b]pyran-1-one,

5-(acetyloxy)-3-ethenyldodecahydro-6,10,10b-trihydroxy-3,4a,7,7,10a-pentamethyl-,

[3R-(3a,4aß,5ß,6ß,6aa,10a,10aß,10ba)]-

Chemical Name	CAS No	Weight %
colforsin	66575-29-9	100

## **SECTION 4. First-aid measures**

Eye contact Rinse thoroughly with plenty of water, also under the eyelids. Keep eye wide open while

rinsing.

**Skin contact**Consult a physician if necessary. Wash off immediately with soap and plenty of water

removing all contaminated clothes and shoes.

**Inhalation** Move to fresh air. Consult a physician. If not breathing, give artificial respiration.

Ingestion Rinse mouth. Drink plenty of water. If symptoms persist, call a physician. Do NOT induce

vomiting. Never give anything by mouth to an unconscious person.

### Most important symptoms and effects, both acute and delayed

Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting.

### Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

#### Advice for emergency responders

General advice If symptoms persist, call a physician. Show this safety data sheet to the doctor in

attendance. Do not breathe dust/fume/gas/mist/vapors/spray.

**Protection of first-aiders** Use personal protective equipment.

## **SECTION 5. Fire-fighting measures**

### **Extinguishing media**

surrounding environment.

Unsuitable Extinguishing Media CAUTION: Use of water spray when fighting fire may be inefficient.

## Specific hazards arising from the chemical

No information available.

#### **Explosion Data**

Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge None.

### **Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

#### **SECTION 6. Accidental release measures**

## Personal precautions, protective equipment and emergency procedures

For non-emergency personnel Other information

Ensure adequate ventilation. No information available.

### **Environmental precautions**

Do not flush into surface water or sanitary sewer system.

## Methods and material for containment and cleaning up

Methods for containment Methods for cleaning up Prevent further leakage or spillage if safe to do so.

Use personal protective equipment. Cover powder spill with plastic sheet or tarp to minimize spreading and keep powder dry. Take up mechanically and collect in suitable container for disposal. Avoid dust formation. Clean contaminated surface thoroughly.

## **SECTION 7. Handling and storage**

#### Precautions for safe handling

Avoid contact with skin, eyes and clothing. Wear personal protective equipment. Prevent the formation of vapors, mists and aerosols. Do not eat, drink or smoke when using this product.

## Conditions for safe storage, including any incompatibilities

**Technical measures/Storage** 

Keep container tightly closed in a dry and well-ventilated place. Keep out of the reach of

conditions

children. No information available.

Packaging material Incompatible products

None known based on information supplied.

## **SECTION 8. Exposure controls/personal protection**

### Control parameters

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

#### **Appropriate engineering controls**

Showers, eyewash stations, and ventilation systems.

# Individual protection measures, such as personal protective equipment

Personal protective equipment (PPE) needs to be selected depending on the implemented engineering controls, frequency/duration of work activities and the concentrations of the hazardous substance.

**Eye/face protection Skin and body protection**Tightly fitting safety goggles.
Wear protective gloves/clothing.

Respiratory protection If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved

respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be

provided in accordance with current local regulations.

Hygiene measures Handle in accordance with good industrial hygiene and safety practice.

# **SECTION 9. Physical and chemical properties**

### Information on basic physical and chemical properties

Physical state Solid

Appearance Crystalline powder
Odor No information available

**Color** White

Odor Threshold No information available PH No information available

Melting point/freezing point 225-235 °C

Initial boiling point and boiling No information available

range

Flash point No information available. No information available **Evaporation rate** Flammability (solid, gas) No information available **Upper flammability limit** No information available. No information available. Lower flammability limit No information available Vapor pressure Vapor density No information available Relative density No information available Practically insoluble Solubility Solubility in other solvents No information available Partition coefficient: n-octanol/waterNo information available **Autoignition temperature** No information available **Decomposition temperature** No information available. No information available **Explosive properties Oxidizing properties** No information available **Molecular Weight** 410.5 g/mol No information available **VOC** content

VOC contentNo information availableViscosityNo information availableDensityNo information available

# **SECTION 10. Stability and reactivity**

## Reactivity

No information available.

### **Chemical stability**

Stable under recommended storage conditions.

## Possibility of hazardous reactions

Hazardous reactions
Hazardous polymerization
None under normal processing.
None under normal processing.

## **Conditions to Avoid**

No information available.

#### **Incompatible Materials**

None known based on information supplied.

#### **Hazardous Decomposition Products**

None known based on information supplied.

## **SECTION 11. Toxicological information**

### Information on likely routes of exposure

Inhalation Inhalation of particulates may cause mechanical irritation to upper respiratory tract. May be

harmful if inhaled.

**Eye contact** Contact with eyes may cause mechanical irritation.

**Skin contact**May be harmful in contact with skin. **Ingestion**May be harmful if swallowed.

#### Information on toxicological effects

This material should only be handled by, or under the close supervision of, those properly qualified in the handling and use of potentially hazardous chemicals. It should be borne in mind that the toxocological and physiological properties of this compound is not well defined.

Chemical Name	LD50 Oral	LD50 Dermal	LC50 Inhalation
colforsin	2550 mg/kg ( Rat )	-	-

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure

Symptoms Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting.

Sensitization No information available.

Mutagenic effects No information available.

Carcinogenicity No component of this product present at levels greater than or equal to 0.1% is identifiable

as probable, possible or confirmed carcinogen by IARC, ACGIH, NTP, or OSHA.

**Reproductive toxicity** No information available.

**Developmental toxicity** Administration of forskolin during early stages of embryogenesis is capable of causing

cardiovascular malformations in the chick embryo. Cardiovascular malformations were induced in 51% of embryos treated with forskolin doses larger than 1 x 10<sup>-8</sup> mol/egg. Major malformations included remnant of the left 4th aortic arch and ventricular septal defect. These results indicate that forskolin induces cardiovascular malformations in the chick embryo and suggest that increased levels of cyclic 3',5'-adenosine monophosphate

produced by forskulin may be related to the malformations observed.

STOT - single exposure
STOT - repeated exposure
No information available.
No information available.

 Target Organ Effects
 Cardiovascular system, Smooth muscle, Reproductive system.

Neurological effectsNo information available.Aspiration HazardNo information available.

## **SECTION 12. Ecological information**

### **Ecotoxicity**

Product does not present an aquatic toxicity hazard based on known or supplied information.

Persistence and degradability

No information available.

No information available.

**Bioaccumulation**Mo information available
Mobility
No information available

#### Other adverse effects

No information available.

## **SECTION 13. Disposal considerations**

## Waste Disposal Methods

Dispose of in accordance with all applicable national environmental laws and regulations.

## **Disposal considerations**

Do not empty into drains; dispose of this material and its container in a safe way.

## **SECTION 14. Transport information**

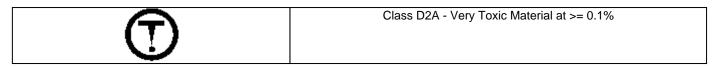

This material is not subject to regulation as a hazardous material for shipping.

# **SECTION 15. Regulatory information**

#### **North American Inventory Listing**

Chemical Name	TSCA 8(b)	TSCA 12(b)	DSL	NDSL
colforsin	Not Listed	Not Listed	Not Listed	Not Listed

### Canadian Workplace Hazardous Materials Information System (WHMIS) Classification

### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

### SARA 311/312 Hazard Categories

Acute Health Hazard Yes
Chronic Health Hazard Yes
Fire Hazard No
Sudden Release of Pressure Hazard No
Reactive Hazard No

## Clean Water Act

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

## **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

#### California Proposition 65

This product does not contain any Proposition 65 chemicals.

### **U.S. State Right-to-Know Regulations**

This product does not contain any substances regulated under applicable state right-to-know regulations

#### U.S. FIFRA Label Information

This product does not contain any substances regulated as pesticides.

#### US Commerce Department - Export Administration Regulations Information

This product does not contain any substances regulated under the Chemical Weapons Convention (CWC).

### U.S. Drug Enforcement Administration Information

This product does not contain any substances regulated under the DEA.

## **SECTION 16. Other information**

**Issuing Date:** 2015-01-22 **Revision Date:** 2015-01-23

**Disclaimer** 

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
